What job i'm looking for? My positive points

I'm a young, hard working lady, I'm a fast learner, I love working with kids, I have past experience baby sitting and not only through family and friends but I have had more experience working for someone I didn't know being a nanny.

I am a culinary arts student at College of Cape Town, and I would love to get a job in the industry I'm currently studying to be in and I'm in need of a job that allows me to work at night preferably after 3pm, although arrangements can be made as I am flexible with the preferred time.

I've worked on a couple of photoshoots, being an assistant so I have a couple of things I can bring to the table if I am to get an offer in that industry.

I love working with diverse people, I have great communication skills whether we share a mother tongue or not.

I'm also not South African, I am originally from Zimbabwe. If you have further questions please do contact me via email or phone.

Thank you in advance
