What job i'm looking for? My positive points

I am a young girl who failed her matric due to family problems but that didn't end there because after that I went to Elangeni college at studied office administration and there I obtained my level 4 certificate. I have worked in many places but now I am currently working at Gateway hotel as waitress. I am a casual there so I can move any time. I know lot of things on waitress on how to talk and assist a guest. I have worked at their restaurant area doing breakfast but most of the time I am working at banqueting area. I know how to set table, clean the area and do lot of things. I can work well under pressure, I can work well without being unsupervised, I know how to use computer because it was part of my studies during Elangeni college. I work well in a team and also alone.
