Curriculum Vitae (CV)

What job i'm looking for? My positive points

I'm a hardworking person. Like to help and train fellow worker. My references can give the proof of my people skills.

I started my career in the sheetmetal industry in pipe extrusion and moved over to the maintenance side of the company. There I started training on the large and milling machine. I then went to a company called Extrusa and started my career in there maintenance Dept as a fitter and was doing all the repairs to the production machines and partly did machine building. Later I went for a plastic course and afterwards did a course as an internal auditor with the SABS. I then started my career being incharge of a maintenance Dept running the hole team incl plant and machinery.
