What job i'm looking for? My positive points

Dear Sir /Madam

I am looking for a teaching position preferably in Life Orientation and Economic and Management Sciences for Intermediate and Senior Phase. I studied my Bachelor of Education at the University of Zululand. I unfortunately have no work experience as I completed my degree in November 2018 and graduated in May 2019. Although throughout my studies I have done a total of 11 weeks teaching practice at schools in Durban and Empangeni and have experienced both primary and secondary schools. I am currently tutoring primary school learners from my area in Mathematics and English. I am an individual that would like to make a difference in children's lives and become an active member in society. I always believed that teachers have the ability not only to change the world but also to improve it. Teaching has been a career that I wanted to pursue for many years. I am passionate about the profession and I feel that I am a suitable candidate to join your teaching brigade.
