What job i'm looking for? My positive points

Dear Sir/Madam

I am a soon to be a graduate candidate at Cape Peninsula University of Technology, where I was doing ND: Landscape Technology. Which I only provide my Certificate during December. I am looking for a Job specifically in both Landscape and Horticultural field. since our course it is a bit similar, I have 1 year working experience which I have obtained at Cape Peninsula University of Technology.

My aim is to grow in Landscape industry and get a chance to practice my skills in any Landscape firm or in any Horticultural industry, I do not specifically chose to work in a design company or construction company but during my course at the University I was exposed in both Designing and Construction, I have good skills in designing as well as construction which on the construction I have gained during my second training Construction company. So I would appreciate to work in any both as I want to boost my skills in both fields.

I consider myself as a hardworking person, who's always up for challenges, able to work under pressure, I am dedicated to my work. I am aim to deliver on time on any task given and I have better communication skills. I can work in both team as well as independent. I take my work very seriously as I always aim to deliver.

I have obtained some few skills during my studies at Cape Peninsula University of Technology. During my training at Simunye Landscapes where I fully completed 7 months it is one of the landscape company I have gained experience of using Mower machines which I can full say I know how to operate to be specifically:

Nylon brush cutter mower, Hedge trimmer and Push back mower

I have skills in design programs(Auto-CAD, Photoshop, Sketcup and I have Hand rendering skill). I have also experience in computer skills(Microsoft office). As I would wanna state that I would appreciate a chance to prove and develop my skills more, I am looking forward in hearing from the company in respect of an interview.
