

# Sam Phineas Sethosa

Curriculum Vitae (CV)

## What job i'm looking for? My positive points

I am a graduate from Tshwane University of Technology and I am actively seeking experience in the field of Finance. My course in Finance has given me solid base upon which I plan to build my career which will allow me to learn important skills and develop the confidence needed to succeed in a competitive environment. I was an active student during my study; I have served as a class representative of Public Finance for three years.

I feel that your company places prominence in similar areas and having the privilege of serving as an intern with you will give me that further exposure I need to advance my career. I hope to work for a company that specializes with financial management and development. With the right opportunities and experience from your company, I believe I can achieve this goal. It is most appropriate place for me to work at because it has high degree level of work and standard which will allow me to provide a great opportunity to challenge myself through critical thinking, creativity and innovativeness.

Through my experience in multi skilled consultant and sales administrator at First National Bank and Empower Financial Services, I gathered good communication skills and am able to present my ideas in a fluent and confident manner. I am able to work under pressure. Self-discipline is my principal; I am fast learner, active and high motivation. I am sure that I will be useful member of your team in your company. I attached my resume for your review. I can be available for interview at your convenience.
