Curriculum Vitae (CV)

What job i'm looking for? My positive points

I'm a Rigger Artisan with a red seal qualified for from 2015 at Indlela. I worked in two big Coal Plant in the country such as Medupi Power Station and Kusile Power Station. My intention to apply for the rigging post is to broaden my skills and be a good asset in the company. I worked since 2002 being an assistant then by 2012 I took a stand and went to Oliphantfontein to do what is good for my career. I came back and worked as an assistant by doing that I was showing how much humble I am. I am a good worker down to earth, follow the procedure of the company, care about his work, clean, free of absenteeism, I can work under pressure I can even work without supervision due to my experience I got since I came in Metal Industry in 2002.

I thank you

Yours Regards
