Curriculum Vitae (CV)

What job i'm looking for? My positive points

have also undergone training on a Video jet printing machine and how to operate it should a fault occur. I am now looking to increase my thinking capabilities by learning and gaining new experience which I believe I have the possibility to do so as I am a quick learner to new adventures. With this being said, I also have the capability to work independently and under pressure, the ability to quickly adapt to the environment and personnel around me with excellent results for the end product. I have great team and individual communication skills with an outgoing and integrable personality.

I am sure by the information provided about me you can notice that I am a hands on type of person who never let's a chance escape to learn new experiences and skills. I am hoping that you find this letter well enough to provide me a chance to prove my interest in your firm for a position to take my skills to higher positions and improve your firm with the knowledge I have gained with my experience and studying.

Sincerely,

Shivkaar Harichandra
