What job i'm looking for? My positive points

I am looking for any job that can give me 10000 and above,I am currently having a house in polokwane so at my parent work they are denying me a transfer and the other thing is my mother in modjadji,she's taking chronic meds so it's costly for me because she's a pensioner and every month when I am off I have to go home so I can help her driving her to get her meds at a clinic and to get to the shops to get her pension money and other stuff,so atleast if I am around limpopo it it will be less for me but I am willing to work anywhere.I am a hard working somebody and I worked at a police station for about 5 years doing crime prevention and sector policing then I got a transfer to vip protection unit where I am currently working now for about 5 years,I am doing access control and monitoring cctv and doing patrols
