Curriculum Vitae (CV)

What job i'm looking for? My positive points

I'm seeking for a mechanical engineering related job,whereof I will be performing assembling n disassembling of components. Positive points is that I can detect where the initial problem of the faulty component in a system is and b able to fix it without any supervision or help. I'm a self starter and a team player. Being around mechanical components is what I admire most and I work tirelessly.
