What job i'm looking for? My positive points

Good day

Please find enclosed my CV in application for the post advertised.

The nature of my degree course has prepared me for this position. It involved a great deal of independent research, requiring initiative, self-motivation and a wide range of skills. For one course, MCSD and MCTS with programming knowledge, an understanding of the ICT industry was essential. I found this subject very stimulating, I have also studied Security that is pending Exams

I am a fast and accurate writer, with a keen eye for detail and I should be very grateful for the opportunity to progress to market reporting. I can take on the responsibility of this position immediately, and have the enthusiasm and determination to ensure that I make a success of it.

Thank you for taking the time to consider this application and I look forward to hearing from you soon.

Yours sincerely
