IT Essentials. In 2010 I studied the National Credit Act, Effective Debt Collection strategies and debt

collection. I am well-equipped in a managerial sense.

### Additional information

An outstanding organizational and administrative capabilities. I have the potential for

Salary you wish 5000 R per month  
considerable achievement in business or other powerful positions. I can expect to receive the

financial and material rewards. I have the skill and abilities to establish or operate a business with great efficiency. I have good judgment when it comes to money and commercial matters, and I understand how to build and accumulate material wealth. Much of my success (or lack of it) may come due to my ability (or inability) to judge character. I exercise sound judgment in most of your affairs; you are realistic and practical in your approach to business matters. I am very ambitious and goal-oriented. When energy is not in excess in my makeup, I will no doubt express these traits to some extent. I have self-confidence.

I am expressing the positive qualities, I am an outstanding credit manager because I can plan, initiate, and complete projects; I am very dependable and determined. I am very materialistic and also very desirous of status and power. I am very fond of reading, and retreating to periods of being alone and away from the disruptions of the outer world. I like to develop my idealistic understandings, to study and analyze, to gain knowledge and wisdom. I will not laid back and withdrawn to really succeed in the business world and I will be much more comfortable in circumstances that are tolerant of your reserve, my analytical approach, and my desire to use my mind rather than my physical being. I dream of being a leader and one who is in charge. I want to
