What job i'm looking for? My positive points

Good day.

My name is Thomas, and looking for any job that is available, I just graduated in public management early September this year. I am young, vibrant and hard working individual. I trust that my dynamic ability to adjust and relate to different situations and personality types, respectively provides me with interpersonal skills which serve a core function in customer service. I further believe that acquiring this position would be mutually supportive as it would provide me with the opportunity for growth while I simultaneously dedicate my services towards furthering the vision and mission of company.

Thank you.
